Magnus

Margery daughter of William Magnus of Wych Malbanc sued William Juel, Alicia his wife and Avicia daughter of Ralph son of William for a messuage in Wych Malbanc: Margery said that her late husband, Richard son of Ralph, whom she could not contradict in her lifetime, had demised the house to Adam Skeil and Alicia his wife for a term of years now past. Because Avicia was a minor, it was decided that the case be deferred until she came of age.
